AGBO EMMANUELLA A.

Full-Stack Developer · Web2 & Web3

Onitsha, Nigeria • +234 806 621 0218 • agboella20@gmail.com • https://my-modern-portfolio-two.vercel.app/

PROFESSIONAL SUMMARY

Full-stack developer with 3+ years of experience building scalable web applications across Web2 and Web3. Strong frontend focus using React, Next.js, and TypeScript, with solid backend experience in Node.js and Python.

Experienced working remotely with international teams and clients across the US, UK, and Canada, both as a contract developer and freelancer. Comfortable in async environments, cross-time-zone collaboration, and shipping production-ready products.

Proven ability to take ownership of projects end-to-end, contribute to Web3 ecosystems, and deliver clean, performant user experiences.

WORK EXPERIENCE

Tradable Corporation
Frontend Developer (Web3)
Jan 2025 – Present | *Remote*

- Led frontend development for a Web3 platform, owning architecture and UI systems
- Built dApp interfaces with wallet integrations (MetaMask, WalletConnect, RainbowKit) and on-chain interactions using viem and wagmi
- Developed responsive, high-performance applications using Next.js and TypeScript across Web2 and Web3 interfaces
- Collaborated closely with smart contract and backend engineers to deliver seamless integrations
- Improved application performance and load times through code-splitting and optimization
- Enhanced UI experience with animations and 3D elements using Three.js and Framer Motion

Self-Employed
Freelance/Contract Full-Stack Developer
2023 – Present | *Remote*

- Delivered full-stack applications for clients across the US, UK, and Canada
- Worked as both an independent freelancer and contract developer on international teams
- Built scalable backend systems using Node.js and Python, and full-stack applications with Next.js
- Managed client communication, timelines, and project delivery across multiple time zones
- Leveraged modern tooling (including AI-assisted workflows) to improve development speed and efficiency

Marshall Goodman Industries
Frontend Developer
Mar 2024 – Oct 2024 | Remote

- Built production web applications using React and Next.js
- Improved performance through code-splitting and optimization techniques
- Applied TypeScript best practices to reduce bugs and improve maintainability
- Collaborated closely with backend teams to integrate APIs

Business Yield Consults June 2023 – Dec 2023 | Remote

Frontend Developer

- Developed responsive web interfaces using React and TypeScript
- Contributed to building functional UI systems under team guidance and code review processes
- Worked with product and UX designers to translate UI/UX into functional applications while ensuring the best user flow
- Supported project planning and sprint tracking, helping ensure on-time delivery and alignment with business requirements

TECHNICAL SKILLS

Frontend: React.js, Next.js, TypeScript, JavaScript, HTML, CSS
Backend: Node.js, Express.js, Python, FastAPI
Web3: Ethers.js, Wagmi, Viem, Wallet Integrations, dApps
Databases: MongoDB
Cloud: AWS S3, Firebase, Cloudinary
State Management: Redux Toolkit, Zustand, Context API
UI: Tailwind CSS, Material UI, Chakra UI
Motion: Framer Motion, Three.js, CSS Animations & Transitions
Testing: Jest
Tools: Git, GitHub, Vercel, AI-assisted development

EDUCATION

Nnamdi Azikiwe University
Bachelor of Science (B.Sc.) in Computer Science
2019 – 2025

Loretto Special Science School, Adazi-Nnukwu
Senior Secondary School Certificate
2016 – 2019

CERTIFICATIONS AND TRAINING

- Software Engineering Program — ALX Africa
- Web Development Bootcamp — Angela Yu (Udemy)
- Python Programming Course — Angela Yu (Udemy)
- Frontend Courses — Codecademy
- Continuous learning through developer communities and technical content
