PROFESSIONAL SUMMARY

Frontend Engineer with 3+ years of experience building responsive, scalable, and user-focused web applications using React, Next.js, TypeScript, and JavaScript. Experienced in developing production-ready interfaces, integrating APIs, managing application state, and optimizing performance across web applications.

Proven ability to collaborate with distributed teams and clients across the US, UK, and Canada to deliver high-quality products in fast-paced environments.

PROFESSIONAL EXPERIENCE

Tradable Corporation

Jan 2025 – March 2026

Frontend Engineer | Remote

- ▶ Led frontend development for Web3 products using React, Next.js, and TypeScript.
- ▶ Built responsive dApp interfaces with wallet integrations including MetaMask, WalletConnect, and RainbowKit.
- ▶ Developed reusable UI components and scalable frontend architecture.
- ▶ Integrated blockchain functionality using Wagmi and Viem while maintaining seamless user experiences.
- ▶ Collaborated with backend and smart contract engineers to deliver production-ready features.
- ▶ Improved application performance through code splitting, lazy loading, and frontend optimization.

Independent Frontend Developer

2023 – Present

Freelance & Contract | Remote

- ▶ Built modern web applications for clients across the US, UK, and Canada using React, Next.js, and TypeScript.
- ▶ Developed reusable UI components, dashboards, and customer-facing features.
- ▶ Integrated frontend applications with APIs and third-party services.
- ▶ Collaborated with distributed teams to deliver production-ready solutions.
- ▶ Managed project delivery, client communication, and feature implementation across multiple time zones.

Marshall Goodman Industries

Mar 2024 – Oct 2024

Frontend Developer | Remote

- ▶ Developed production web applications using React, Next.js, and TypeScript.
- ▶ Improved application performance through frontend optimization techniques.
- ▶ Integrated APIs and collaborated closely with backend teams.
- ▶ Applied TypeScript best practices to improve maintainability and code quality.
- ▶ Implemented a real-time chat interface using WhatsApp API integration within an existing enterprise system, delivered in under 3 weeks.

Business Yield Consults

Intern Frontend Developer | Remote

June 2023 – Dec 2023

- Developed responsive user interfaces using React and TypeScript.
- Collaborated with designers to translate UI/UX designs into functional applications.
- Participated in code reviews and team development workflows.
- Contributed to feature delivery within Agile development environments.

TECHNICAL SKILLS

Frontend: React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3

State Management: Redux Toolkit, Zustand, Context API

Styling & UI: Tailwind CSS, Material UI, Chakra UI

Animation: Framer Motion, Three.js, CSS Animations

Testing: Jest

API Integration: REST APIs, Authentication, Third-Party Services

Tools: Git, GitHub, Vercel

Additional Technologies: Firebase, Cloudinary

Web3: Wagmi, Viem, Ethers.js, Wallet Integrations

EDUCATION

Nnamdi Azikiwe University

Bachelor of Science (B.Sc.) Computer Science

2019 – 2025

CERTIFICATIONS AND TRAINING

- Software Engineering Program — ALX Africa
- Web Development Bootcamp — Angela Yu (Udemy)
- Frontend Development Courses — Codecademy
